

We are looking for a franchise partner in exclusivity

Using and selling this technology, creates a long term, very stable, profitable business for the franchise partner.

You can find more information about the service, given to the clients, on the following web site:

Our franchising business consists of giving our partner a complete support to their distribution, it includes managing the rental services, Human Resources guidance (such as coaching your sales department on our product details and recruiting among others), Logistic planning (we calculate what you need to buy each period), Integral business management (we provide you a person specially dedicated to your account that helps you to manage each part of the business).

Other advantages:

- ✓ Exclusive area to operate (whole Slovakia)
- ✓ Exclusive use of this treated mops
- ✓ Low investment and low fees

We are seeking for long term relationship partners, we have blind trust with each of our franchisees. Our instructions as in any other franchising business have to be followed step by step to have success.
